## About BMSI - Byrd Maintenance Services, Inc.

BMSI was established in 1988 as Byrd Maintenance Services, Inc. We are a full-service industrial contracting and maintenance provider serving multiple industries throughout the United States and abroad. We have facilities in Decatur, Alabama and Burnsville, Mississippi with state-of-the-art equipment and experienced personnel to deliver complete industrial contracting solutions.

## Our Services

### Process Piping

Our process piping services are conducted in strict accordance with industry standards & full safety compliance.

### Certified Code Welding

Our skilled & experienced welders meet ASME section IX requirements. We maintain an on-site *American Welding Society* certification program for excellent welding practices.

### Pressure Vessels

Our pressure vessel team can produce vessels that are ASME code certified under *Section VIII*. Also, we can repair & modify coded vessels under *National Board Stamps "S", "R", & "U"* certificates of authorization.

### Structural Fabrication

We maintain 2 fully equipped & state-of-the-art shops to fabricate a variety of equipment & systems.

### Concrete Services

Our concrete capabilities include the installation of building slabs, equipment foundations, drain systems & containment.

### WaterJet & Plasma Cutting

Our advanced CNC cutting systems possess cutting capacity that can slice through a variety of elements. Also, this high-end equipment can work with a wide range of materials up to 6 inches in thickness.
